

MONTANA FORGE

Luxury for Every Home

www.MontanaForge.com

2025 Version 1.0

MONTANA FORGE

Montana Forge, a luxury brand of Copper Creek Hardware, is exquisitely crafted of solid forged brass and solid cast door and bath hardware portfolio that combines highest standard luxury features with the finest finishes available.

Montana Forge's beautifully designed door hardware is one of the most customizable in the industry: allowing for personal expression through a mix and match of any rosette with any knob or lever in any finish. This affordable premium hardware also includes advanced quality elements -- like concealed screws, nickel plated latch bolts, solid-brass cylinders, and short 28-degree latch rotation -- for the utmost in convenience, durability and style, without having to break the bank.

Montana Forge Bath Accessories are paired exactly to the locksets as they share the same rosette design elements and share common components for a perfect match.

Montana Forge Door Handing

- The following guidelines must be followed when ordering Montana Forge locksets to ensure the proper handing. Note that “handing” is always determined when viewing the product from the outside of the door. Please refer to illustration below for proper handing.
- **Handlesets:** Non-handed designs.
 - **Handleset** Interior Knob Trims: Non-handed designs.
 - **Handleset** Interior Lever Trims: Handed designs. Specify left or right hand when ordering.
 - **Deadbolts:** Non-handed designs.
 - **Deadbolt / Knob or Lever Combinations:** Non-handed designs.
 - **Knobs:** Non-handed designs.
 - **Levers:** Passage, Privacy and Full Dummy function levers are reversible and field handed.
 - Half Dummy function levers are handed. Specify left or right hand when ordering.
 - **Bath Accessories:** Non-handed designs.

Mechanical Warranty

Montana Forge offers a mechanical warranty that covers mechanical defects in material and workmanship. The warranty does not cover misuse, abuse, finish defects, damage caused by poor installation or failure to read installation instructions. Montana Forge will not be held liable for any and all indirect or incidental costs, punitive or consequential damages, arising from the sale, abuse, or misuse of Montana Forge locksets. All warranties are for the original purchaser from the date of purchase as long as the original user occupies that residence. Montana Forge locksets and bath accessories carry a lifetime mechanical warranty to the original purchaser of the hardware or to the original homeowner of the residence that came installed with Montana Forge hardware.

Finish Warranty

Montana Forge offers a finish warranty that covers finish blemishes and imperfections due to the manufacturing process. The warranty also covers tarnish caused by natural environmental elements if and only if proper maintenance and care instructions are followed (see proper care instructions below). Natural elements include natural sunlight, salt air, and humidity. Warranty replacement may be limited to a “one time replacement” if environmental conditions are considered severe at the discretion of CCI. The warranty does not cover damages from paints, cleaners, chemicals, scratches, abrasions, environmental fallout (pollution) or installation in non-residential buildings and applications. Warranty replacement may be limited to a “one time replacement” if environmental conditions are considered severe (e.g., living within a few miles from the ocean) at the discretion of CCH. All warranties are to the original purchaser from the date of purchase as long as the original user occupies that residence. Montana Forge locksets and bath accessories carry a ten (10) year finish warranty on Satin Stainless (SS) and Polished Stainless (PS) finishes, and a five (5) year finish warranty on Black (BC), French Gold (FG) and Tuscan Bronze (TB) finishes.

Proper Care & Finish Maintenance

For all exterior applications, once installation of your Montana Forge lockset is complete, take a few minutes and protect your lockset with a quality carnauba car wax following the manufacturers application and buffing instructions. Then once per month or so clean the lockset with a damp cloth. Excessive grime can be removed with a gentle soap but do not under any circumstances use any hard or abrasive chemical cleaners. Failure to follow these instructions will void the finish warranty.

Additional Warranty Terms, Conditions, and Claims

- The purchaser of Montana Forge Hardware agrees to the following additional terms and conditions:
- Montana Forge makes no other warranty, either expressed or implied, other than the above stated Mechanical and Finish warranties.
 - Montana Forge's maximum liability is limited to the original purchase price of the hardware.
 - Montana Forge is not responsible or liable for changes or alterations to our products by any 3rd party.
 - Montana Forge reserves the right to make improvements to the specifications and designs of our products without obligation to incorporate those improvements or changes on previously manufactured products.
 - All warranty claims must be made in writing or by telephone directly to Montana Forge from the original purchaser or customer where the locks were first sold to validate the claim.
 - Products proven defective in the warranty period should be returned freight prepaid to 25859 Jefferson Ave, Murrieta, CA 92562. The product will be either repaired or replaced. Return freight and or cartage costs are the responsibility of the original purchaser.

Montana Forge Brass Handlesets

Specification

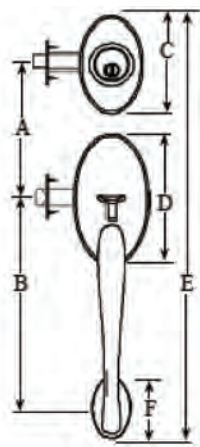

Material	Solid forged brass		
Latches	Latches are part of the handleset interior trim assembly.		
Strikes	Strikes are part of the handleset interior trim assembly.

Ordering Montana Forge Deadbolt Passage Combinations

Deadbolt passage combination locksets feature a 1-piece decorative escutcheon on 5-1/2" hole spacing for the interior, paired with a choice of handle and keyed deadbolt on the exterior. The knobs and levers are passage function only.

- 1. Choose any knob or lever shown to match the rosette and deadbolt styles shown on pages 14-15.
- 2. For doors thicker than 1-3/4" see pages 29 for thick door kit information.
- 3. Select your rosette style (DR1 - DR6).
- 4. When ordering specify handle, deadbolt/rose style, function, and finish.
E.g. L1-DR1-4710-SS = Lever style 1, rose style DR1, deadbolt/passage combo, satin stainless finish.

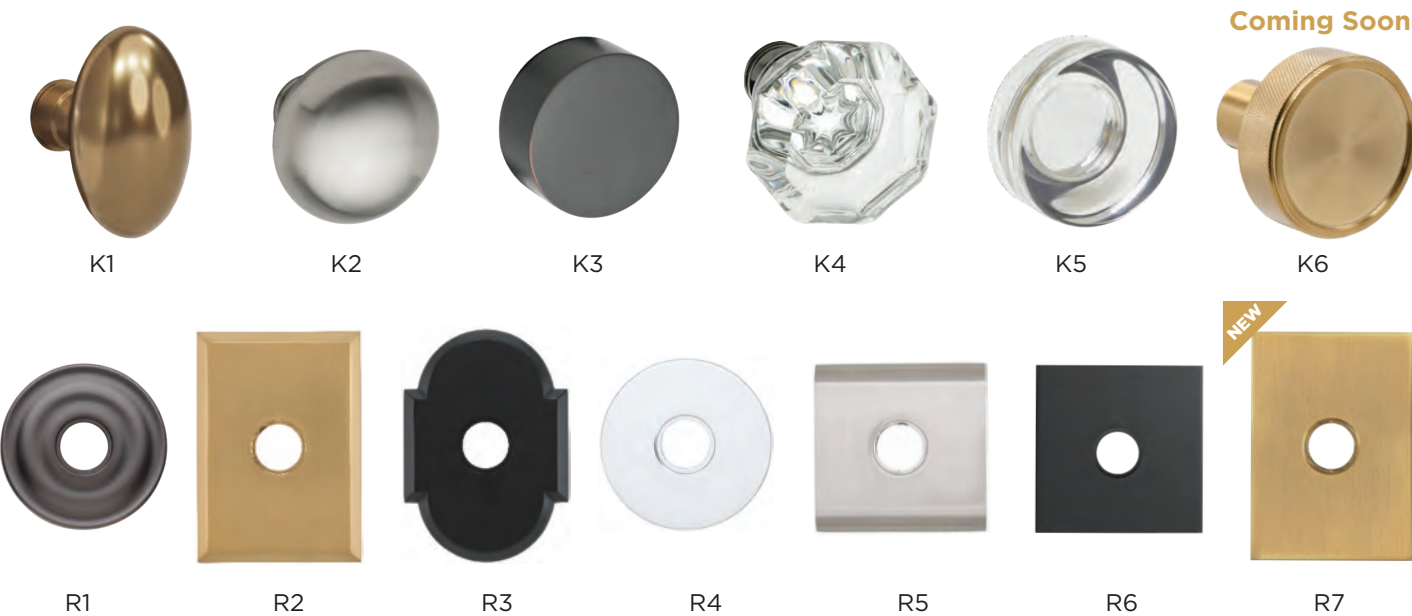

***Note: Round corner latches are standard. Square corners latches or drive-in latches are optional at no upcharge.

MONTANA FORGE KNOB SPECIFICATIONS

Latches	Non-adjustable, 2-3/8" backset, round corner faceplate (RCL) standard. Specify for 2-3/4" backset and square corner (SCL) or drive-in (RFL) no upcharge.
Strikes	Full lip round corner (RCS) standard. Extended full lip and heavy duty available.
Door Prep	1" edge bore, 1"x 2-1/4" latch mortise std. 1" edge bore for RFL. 2-1/8" cross bore either 2-3/8" or 2-3/4" backset.
Door Thickness	Standard thickness range is 1-3/8" to 1-3/4". Maximum door thickness 2-3/4". Door thickness must be specified when ordering. Knob sets will be configured for correct thickness if non-standard.
Handing	All Montana Forge knob sets are non-handed.
Finishes	BC - Black FG - French Gold PS - Polished Stainless SS - Satin Stainless TB - Tuscan Bronze

Ordering Montana Forge Knob Sets

1. Select your knob style (K1 - K6).
 2. Select your rosette style (R1 - R7).
 3. Determine function (passage, privacy, full dummy, or half dummy).
 4. Select finish (BC-black, FG-french gold, PS-polished stainless, SS-satin stainless, TB-tuscan bronze).
 5. Select latch and backset. Default is RCL (round corner 2-3/8" backset) unless specified.
SCL or RFL and 2-3/4" backset available. (See specifications for full options and door preparation)
 6. Specify door thickness if other than standard thickness range 1-3/8" to 1-3/4". Maximum door thickness 2-3/4".
Knob sets will be configured for correct thickness if non-standard (\$5.20 list adder).
 7. Concealed fasteners are standard with all Montana Forge knob sets.
 8. Example shown above: K4-R1-4020-SS.

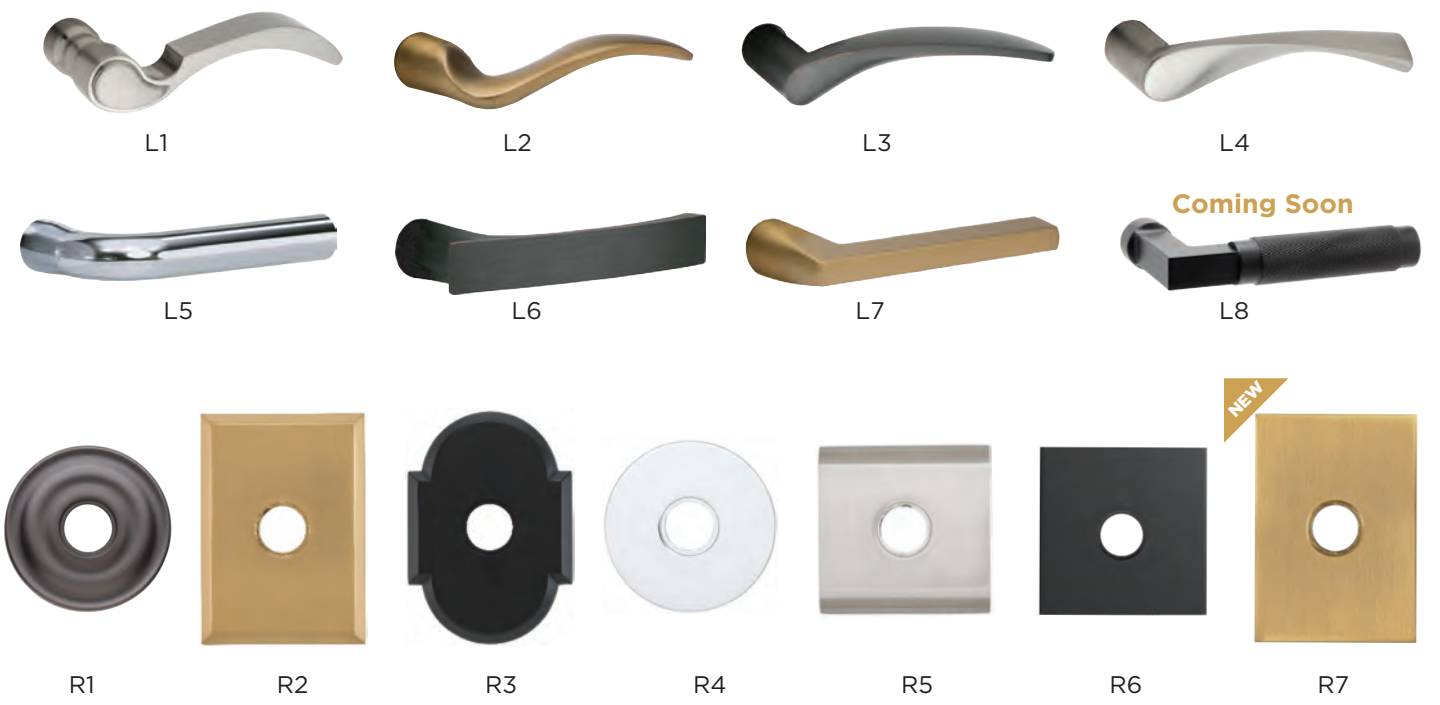

***Note: Round corner latches are standard. Square corners latches or drive-in latches are optional at no upcharge.
- K4 with R1

MONTANA FORGE LEVER SPECIFICATIONS

Latches	Non-adjustable, 2-3/8" backset, round corner faceplate (RCL) standard. Specify for 2-3/4" backset and square corner (SCL) or drive-in (RFL) no upcharge.
Strikes	Full lip round corner (RCS) standard. Extended full lip and heavy duty available.
Door Prep	1" edge bore, 1"x 2-1/4" latch mortise std. 1" edge bore for RFL. 2-1/8" cross bore either 2-3/8" or 2-3/4" backset.
Door Thickness	Standard thickness range is 1-3/8" to 1-3/4". Maximum door thickness 2-3/4". Door thickness must be specified when ordering. Lever sets will be configured for correct thickness if non-standard.
Handing	All Montana Forge lever sets are reversible except for half dummy function. Specify left or right hand when ordering half dummy lever sets.
Finishes	BC - Black FG - French Gold PS - Polished Stainless SS - Satin Stainless TB - Tuscan Bronze

Match any of the 8 lever styles with any of the 7 rosette styles below.

Keying Definitions

Keyed Alike: Locksets that are keyed to an ordered specified bitting number or keyed in groups. Order by specifying key bitting number or KA next to locksets you wish keyed alike.

Builder Keying: Facilitates keying alike to specified builder key used during the construction phase of the project. A permanent change key is also provided with the lockset. Once the change key is inserted and turned, using the lost ball system, the builder key is no longer usable. Order by specifying BK and any specific BK# next to the lockset.

Master Keying: Facilitates keying multiple locksets that may be keyed alike or keyed different that can all be opened by one “Master Key”. Order by specifying MK and any specific MK# next to locksets.

Builder Master Keying: Combining a builder key into a master keyed system. Order by specifying BMK and any specific BK# and MK# next to the lockset.

Grand-Master Keying: Two or more separate master key systems that are both opened by a Grand Master Key. Order by specifying GMK and any MK# and GMK# next to lockset.

Maison Keying: Facilitates multiple change keys to operate one lockset. Order by specifying “Mais” next to lockset.
